SUBJECT INDEX

Volume 19, Numbers 1–12

A

Absenteeism
  retention and (contact hours), 6:13
Accountability
  ownership imbalance (editorial), 9:4
Acquired immune deficiency syndrome (AIDS)
  education and training centers, 4:5
Acuity system(s). *See* Patient classification system(s)
Administration. *See* Management
Agency nurse(s)
  information solicited on experience with (letter), 5:8
  issues in employment of, 6:4, 6:5; (letter), 5:8
Aide(s)
  nursing home, reducing turnover among, 2:32
AIDS. *See* Acquired immune deficiency syndrome
Ambulatory care
  patient classification instrument for, 11:36
Analgesic(s)
  controlled vs. noncontrolled, nursing personnel costs for, 1:10
Authority
  ownership imbalance (editorial), 9:4
Award program
  for excellence in nursing, as retention and marketing tool, 4:11

B

Bond(s)
  tax-exempt, guide to, 6:36
Book reviews
  Dimensions of Nursing Administration: Theory, Research, Education, Practice (Henry, Arndt, Di Vincenti & Marriner-Tomey), 12:6
  Leadership Secrets of Atilla the Hun (Roberts), 9:6
  Making a Leadership Change (Gilmore), 5:44
  Market Driven Management: Prescriptions for Survival in a Turbulent World (Ames & Hlavacek), 9:6
Boredom
  managerial (editorial), 4:4
Business administration
  nurse administrator's need for education in, 6:25, 11:5

C

Call light(s)
  improving response to, with unit hostess, 4:31
Caring
  modeling complexities of (contact hours), 11:28
Case management
  adaptation of model, 12:12
  concept of, 11:16
Certification
  as requirement for hiring/promotion, 7/8:8, 7/8:9
Change
  Making a Leadership Change (book review), 5:44
  stream analysis as tool for, 5:37
Charting. *See* Documentation
Chief executive officer(s)
  decision making patterns of, assessment of compatibility of, with CNO's patterns, 1:15
Chief nursing officer(s). *See* Director(s) of nursing
Child care
  for nursing service employees, 1:9
Clinical nurse specialist(s)
  career projections of, 5:9
Collaboration. *See also* Joint venture(s)
  interinstitutional, organizational structure for, 2:8
  interinstitutional, pilot study of model for, 3:8
Communication. *See also* Language; Writing
  in organizations, assessment of, 12:27
Computer(s)
  electronic mail, 10:31
  need for education on, in nursing administration programs, 1:8
  readings on, 2:41
  system for staffing, billing and productivity measurement using (contact hours), 7/8:17
Conceptual model(s)
  development of, system perspective for (contact hours), 5:23 (see *erratum*, 12:11)
  for unit-based shared governance, 3:19
  implementation of, at bedside, 2:28
  nursing diagnosis-based, 5:32
  of nursing administration, current perspectives on (book review), 12:6
Consultant(s)
  directory of, 2:43, 7/8:39
Contact hours
  absenteeism and retention, 6:13
  computerized system for staffing, billing and productivity measurement, 7/8:17
  developing Do Not Resuscitate policies, 4:25
  discharge holding area, 12:32
  gynecologic care in cooperative unit vs. hospital inpatient unit, cost comparison, 3:29
  human capital approach to ICU nurse retention, 10:8
  implementing differentiated practice, 2:13
  modeling the complexities of caring, 11:28
  Quality Management Maturity Grid, 9:29
  retrospective on Japanese management in nursing, 1:27
  theory development role for nurse administrators, 5:23 (see *erratum*, 12:11)
Cooperative care. *See* Self care
Cost containment. *See also* Financial management
  continuing education modules on, 1:3
  controlled vs. noncontrolled oral analgesic use, 1:10
  effects on health care system, grants for research on, 10:35
Critical care
  job stress among nurses in, 5:10
  retention of nurses in, human capital approach to (contact hours), 10:8
Cross-training
  retention and, 4:14
Customer relations
  training for staff on, 4:19

D

Day care. *See* Child care
Deafness. *See* Hearing impairment
Decision making
  by small groups, improving effectiveness of, 7/8:10
  patterns and compatibility of, for CEOs and CNOs, 1:15
Differentiated practice
  implementation of (contact hours), 2:13
Director(s) of nursing
  decision making patterns of, assessment of compatibility of CEO's patterns with, 1:15
Discharge
  holding area for (contact hours), 12:32
Documentation
  Focus Charting, 3:3; (correction), 5:9
  legal issues of, 12:7
Do Not Resuscitate policy
  development of (contact hours), 4:25
Drug dependency. *See* Substance abuse

E

Editorials
  avoiding sexist language, 12:5
  epidemiological approach to nursing administration problems, 5:5
  managerial boredom, 4:4
  ownership imbalance, 9:4
  physicians' proposed solutions to nursing shortage, 4:3
Education. *See also* Nursing administration
  AIDS education and training centers, 4:5
  clinical fellowship program for nursing faculty, 10:18
  customer relations training, 4:19
  for supervisors, management support for, 2:4
  in business administration, nurse administrator's need for, 6:25, 11:5
  in public administration, nurse administrator's need for, 11:4
  leadership skills for head nurses, 6:6
  on computers, nurse administrator's need for, 1:8
  on cost management, program modules for, 1:3
  on substance abuse, for staff, 1:21
Electronic mail, 10:31
Emergency room
  psychiatric intervention in, 10:36
Epidemiology
  as approach to nursing administration problems (editorial), 5:5
Erratum, 5:9
Executive development
  clarifying and actualizing organizational values, 3:4
  developing models of care, roles and

responsibilities, 6:7
effective use of influence, 11:8
gainsharing for nurses, 12:10
improving nursing's image through nurses' self concepts, 1:4
need for innovative thinking, 10:4
supporting middle manager, 4:6
understanding the business of nursing, 9:9
Exercise
stress and, 7/8:3

F

Fellowship program(s)
clinical, for nursing faculty, 10:18
Financial management. *See also* Cost containment
computerized system for staffing, billing and productivity measurement (contact hours), 7/8:17
guide to tax-exempt bonds, 6:36
gynecologic care in cooperative unit vs. hospital inpatient unit (contact hours), 3:29
impact of Managed Nursing Care on cost and nurse satisfaction, 11:21
impaired nurses, cost analysis of, 9:13
nursing personnel costs for controlled vs. noncontrolled oral analgesics, 1:10
system for charging for nursing services, 5:18
Focus group(s)
for problem identification in strategic planning for retention, 3:20

G

Gainsharing
for nurses, 12:10

H

Head nurse(s). *See also* Nurse manager(s)
leadership skills training for, 6:6
Hearing impairment
providing equal access for clients with, 3:26
High school student(s)
mentor program for, 9:37
Hostess
unit, 4:31
Humor, 9:22

I

Image
of nursing, improvement of, through nurses' self concepts, 1:4
of nursing, mentor program for high school students to improve, 9:37
of nursing, strategy for enhancement of, 2:36
of nursing department, award program as marketing tool for, 4:11
of nursing research, at Beth Israel Hospital, Boston, 10:6
Impaired nurse(s)
cost analysis of, 9:13
Influence
effective use of, 11:8
using structural power sources to increase, 11:10
Institution(s)
legal implications of nursing practice standards of, 7/8:4
Insurance
professional liability, 2:5
Intensive care. *See* Critical care
International nurse exchange program, 4:12

J

Japanese management
techniques of, applied to nursing (contact hours), 1:27
Job description(s)
combined with performance evaluation tool, 10:23
Job satisfaction. *See also* Retention
commitment to organization and, 7/8:30
turnover and, 1:7
Joint venture(s)
organizational forms for, 4:39

K

King's Conceptual Framework for Nursing Practice
implementation of, at bedside, 2:28

L

Labor relations
readings on, 9:11
Language
sexist (editorial), 12:5
Leadership
dealing with bad boss, 6:29
developing head nurses' skills in, 6:6
Leadership Secrets of Atilla the Hun (book review), 9:6
Making a Leadership Change (book review), 5:44
Legal issues. *See also* Malpractice
documentation, 12:7
employment of agency nurses, 6:4
institutional standards for nurses, 7/8:4
professional liability insurance, 2:5
readings on, 9:11
Length of stay
patient satisfaction and (letter), 5:8
Letters to the Editor, 5:8
Liability
insurance coverage, 2:5
with agency nurses, 6:4
Licensed practical nurse(s)
bridge program to become RNs, 4:9

M

Malpractice
poster with prevention tips, 10:5
Managed Nursing Care
impact on cost and nurse satisfaction, 11:21
Management
dealing with bad boss, 6:29
financial. *See* Financial management
Japanese techniques of, applied to nursing (contact hours), 1:27
Leadership Secrets of Attila the Hun (book review), 9:6
Market Driven Management: Prescriptions for Survival in a Turbulent World (book review), 9:6
product-line, readings on, 9:12
specialty area, readings on, 5:11
Management readings
computers, 2:41
labor relations, 9:11
nursing and the law, 9:11
product-line management, 9:12
specialty area management, 5:11
Mentor program
for high school students, 9:37
Myers-Briggs Type Indicator
assessment of compatibility of CEO and CNO decision making patterns by, 1:15

N

Networking
for research, 4:8
Nurse administrator(s). *See* Director(s) of nursing; Nurse executive(s)
Nurse advocate
to assist new graduates, 12:22
Nurse's aide. *See* Aide(s)
Nurse executive(s). *See also* Director(s) of nursing; Nurse manager(s)
dealing with bad boss, 6:29
preparation of. *See under* Education; Nursing administration
theory development role for (contact hours), 5:23 (See *erratum*, 12:11)
Nurse manager(s). *See also* Head nurse(s); Nurse executive(s)
bored (editorial), 4:4
middle level, impact on retention, 3:14,4:15
middle level, role stress in, 10:5
middle level, support for, 4:6
Nursing
image of. *See under* Image
nurse executives' knowledge of business of, 9:9
Nursing administration
conference on, call for papers and participants, 5:8
Dimensions of Nursing Administration: Theory, Research, Education, Practice (book review), 12:6
epidemiological approach to problems in (editorial), 5:5
need for business administration education in, 6:25, 11:5
need for computer education in, 1:8
need for public administration education in, 11:2
strategies for responding to crisis in, 3:6, 6:11
Nursing Administration Recognition Program
category and criteria for 1989, 6:3
winners for 1988, 4:9
Nursing assistant(s). *See* Aide(s)
Nursing care
developing new models of, 6:7
institutional standards of, legal implications of, 7/8:4
Nursing diagnosis(-es)
conceptual model of nursing practice based on, 5:32
Nursing home
reducing turnover among aides in, 2:32
Nursing shortage
Commission on Nursing report on, 2:32
physicians' proposed solutions for

(editorial), 4:3
research initiatives on, 5:12
solutions to (letter), 5:8
Nursing theory. *See* Conceptual model(s)

O

Organization(s)
commitment to, job satisfaction and, 7/8:30
communication in, assessment of, 12:27
values of, clarification and actualization of, 3:4
Outpatient care. *See* Ambulatory care
Ownership
imbalance of (editorial), 9:4

P

Partnership practice, 2:33
Patient classification system(s)
computerized system of (contact hours), 7/8:17
evaluation of, 6:30, 7/8:24
for ambulatory care, 11:36
Patient satisfaction
length of stay and (letter), 5:8
Per diem staff
color-coded visual system for assignment of, 2:23
Performance evaluation
as quality assurance function, 4:19
developing standards for use in, 10:23
Physician(s)
proposals from, for solutions to nursing shortage (editorial), 4:3
Power
structural, sources of, 11:10
Productivity
computerized system for measurement of (contact hours), 7/8:17
Professionalism
improving nursing's image through nurses' self concepts, 1:4
Professionally Advanced Care Team (ProACT™) Model, 7/8:31; 9:19
Psychiatric patient(s)
in community hospital emergency room, 10:36
Public administration
nurse administrator's need for education in, 11:4

Q

Quality assurance
performance evaluation as function of, 4:19
Quality Management Maturity Grid (contact hours), 9:29
Quality Management Maturity Grid (contact hours), 9:29

R

Recruitment
evaluation of methods of, 4:20
newsletter on, 6:35
targeting efforts for, toward specific groups of nurses, 4:34
videotape for use in, 6:29
Registered nurse(s)
bridge program for LPNs to become, 4:9
Research
grants for, guide to, 6:35
grants for, on impact of changes in health care system, 10:35
image of, at Beth Israel Hospital, Boston, 10:6
involving staff nurses in, 9:7
networking for, 4:8
on nursing shortage, 5:12
preparing nurse investigators to do clinically relevant work, 1:6
program at Children's Hospital, Boston, 6:9
staff nurses' attitudes toward, 7/8:16
student, integration of, with organizational needs, 2:21
Responsibility
ownership imbalance (editorial), 9:4
Retention. *See also* Turnover
absenteeism and (contact hours), 6:13
award program as tool for, 4:11
focus groups for problem identification in strategic planning for, 3:20
international nurse exchange program as tool for, 4:12
LPN-to-RN bridge program, 4:9
middle manager's impact on, 3:14, 4:15
multi-dimensional strategy for, 4:14
newsletter on, 6:35
nurse advocate to assist new graduates, 12:22
Nursing Administration Recognition Program winners, 4:9
of ICU nurses, human capital approach to (contact hours), 10:8
preventing domino effect, 10:3
shared governance and, 4:13

S

Self care
for gynecologic patients, cost comparison with hospital inpatient unit (contact hours), 3:29
Self concept
nurses', improving nursing's image through, 1:4
Service clerk, 6:22
Sexism
in language (editorial), 12:5
Shared governance
conceptual model for, 3:9
retention and, 4:13
Small group(s)
decision making by, improving effectiveness of, 7/8:10
Staffing
color-coded visual system for per diem staff assignment, 2:23
computerized system for (contact hours), 7/8:17
increasing RN/LPN ratio, by LPN-to-RN bridge program, 4:9
Staff nurse(s)
attitudes of, toward research, 7/8:16
involvement of, in research, 9:7
Standard(s)
as job description and performance evaluation tool, 10:23
institutional, legal implications of, 7/8:4
Stream analysis
effecting change through, 5:37
Stress
exercise and, 7/8:3
in middle managers, 10:5
job, among critical care nurses, 5:10
Student(s)
high school, mentor program for, 9:37
Student nurse(s)
recruitment and evaluation reception for, 9:5
research by, integration of, with organizational needs, 2:21
Substance abuse
cost analysis of impaired nurses, 9:13
prevention of, educating and supporting staff for, 1:21
Supervisor(s)
training for, management support for, 2:4

T

Touch
importance of, 9:3
Turnover
emotional and behavioral process of, 9:23
nurses' need satisfaction and, 1:7
of nursing home aides, reduction of, 2:32

V

Value(s)
organizational, clarification and actualization of, 3:4

W

Writing. *See also* Language
guide for improvement of, 12:18.
